The event aims to increase awareness about the San Francisco experience of PrEP and its impact on HIV incidence. This includes:

- How people use PrEP
- How to maximise PrEP's benefits such as earlier HIV diagnosis and treatment, increased STI testing, diagnosis and treatment and community mobilisation
- Adherence to PrEP
- Explore where we need to get to and how to get there, Compare and contrast PrEP related landscape in San Francisco and Adelaide
- Explore personal stories & experiences of people taking PrEP or wanting to take PrEP in Adelaide
- Provide an opportunity for the community to ask questions and discuss issues around PrEP with a diverse panel of experts
