

CREATING LGBTI INCLUSIVE SERVICES

Does your organisation have values, goals or targets about increasing inclusivity and celebrating diversity?

The **HOW2 create a lesbian, gay, bisexual, transgender and intersex (LGBTI) inclusive service** program can provide you with a practical way to work towards these goals.

Four sessions held 6-8 weeks apart combined with workplace activities provide participants with increased knowledge and capacity in:

1. Auditing your service
2. Consulting consumers
3. Educating colleagues
4. Developing and implementing an action plan
5. Managing obstacles
6. Evaluating changes

This program, presented by SHine SA, is based on a set of 6 national standards developed by Gay and Lesbian Health Victoria (GLHV), in conjunction with QIP (Quality, Innovation & Performance), known as Rainbow Tick Accreditation.

SESSION DETAILS

Tasks are assigned prior to the first session and at the end of sessions 1, 2 & 3. These tasks involve practical activities at participants' workplaces to start the change management process towards accreditation.

Important: Organisations can choose to be assessed against the 6 national standards through an external process undertaken by QIP in order to achieve the Rainbow Tick. The HOW2 training program can support organisations seeking to achieve this accreditation and is suitable for any organisation seeking to become more inclusive for LGBTI clients and staff.
