

# CELEBRATING AS WE AGE RAINBOW MEMORIES WORKSHOP

Challenging invisibility + celebrating our histories

**Join us to capture stories and mementoes from our LGBTI history.**

Start preparing for this day—think about up to 10 items (photos, flyers, sports trophies, banners, posters etc) you would like digitised or photographed and about the stories that go with them.

There will be people who will scan and photograph; scribes to help with writing your story; there will also be other people's stories to read including about Adelaide's queer nightlife. As well, we'll have discussions about how to preserve our histories with 15 minute talks at the following times:
