

Researchers from the University of Adelaide are
conducting a study called:

**Identity and Wellbeing in LGBTQIA+ people with Refugee
Backgrounds**

If you are any of the following:

- A service provider experienced in working with **either** refugees or lesbian, gay, bisexual, transgender, queer, intersex and/or asexual + (LGBTQIA+) people
- A mental health professional (e.g., psychologist or social worker) experienced in **either** working with refugees or LGBTQIA+ people

Then we would like to invite you to an interview about
your perceptions of the needs and experiences of
LGBTQIA+ people with refugee backgrounds,
particularly in relation to identity, psychological
wellbeing, and support.

If you would like further information, please contact:

Adam James Carter
